ANNUAL IMPORTATION LICENSE AND COLORADO AQUACULTURE PERMIT STOCKING REPORT INFORMATION/INSTRUCTIONS

You are required to submit an annual report of fish imported into or stocked in Colorado to the Colorado Division of Wildlife (CDOW) as a condition of obtaining an importation license and/or stocking authorization. This information is required for CDOW resource management. Client and commercial information is protected from open records act requests. We are not requesting specific client names or pricing data to further protect your business. After many discussions with the FHB, the CDOW has developed this format for providing needed information without revealing sensitive client, pricing, and/or other data.

The CDOW would prefer to receive this information in electronically via e-mail if possible. A spreadsheet in MS Excel is preferred and can be sent to you upon request. Clearly printed handwritten forms or copies of legible logs or other records can be utilized as long as all the requested information is provided. In an effort to simplify and not duplicate reporting, one form will be used for both imports and in-state facility stocking. The stocking site or destination (water stocked, facility fish were held in, or aquaculture permit holder transferred to) must be identified for all fish imported into Colorado; as well as the facility from which the fish were imported.

This annual report must include all imports and stockings for a calendar year. Species can be written in or identified by abbreviations as follows:

LMB	largemouth bass	CRA	crappie	WHA	Grass carp
RBT	rainbow trout	NAT	cutthroat trout	YPE	yellow perch
SMB	smallmouth bass	CCF	channel catfish	BGL	bluegill
BRK	brook trout	WAL	walleye	SXW	wiper
FHM	fathead minnow	GSD	gizzard shad	(For h	ybrids, list species
LOC	brown trout	SNF	green sunfish	crosse	d)

Average size information on the form requests total number by category (eggs or fry; subcatchable <9 inches; catchables >9 inches). Listing average length and number of fish, or number per pound and number of fish, would also provide the needed information if this is the format you use. Locating the specific water where fish are stocked is a critical component needed for CDOW fisheries management efforts. Stocking locations should be clearly identified on: a map; Colorado Atlas; or Township, Range, Section, or GPS or UTM coordinates.

New requests for importation licenses or stocking authorization will not be approved until an annual report is received. Please contact the appropriate CDOW personnel if you have questions:

Kathy Konishi	License Information	303-291-7143
Vickie Milano	Importation	970-842-6308
Sherman Hebein	West Slope Stocking	970-252-6022

ANNUAL IMPORTATION LICENSE AND COLORADO AQUACULTURE PERMIT STOCKING REPORT

License/Permit holder's name	Submit to: Special Licensing
Address	6060 Broadway
	Denver, CO 80216
Contact numbers	Email: <u>Kathy.Konishi@state.co.us</u>
Contact numbers	Phone: (303) 291-7143
Signature/Date	Fax: (303) 346-4541

Annual stocking information to be provided for the period of January 1 to December 31. List fish/eggs imported and/or stocked by total number for each species, size, originating and/or distributing facility, importation and/or stocking date, and destination facility and/or stocking location. Annual Stocking Report information is preferred to be submitted in electronic format (spreadsheet in MS Excel if possible). Clearly legible handwritten forms are acceptable.

New import licenses and/or stocking authorizations will not be issued until Annual Reports are received. Colorado Aquaculture permitted facilities must report where all fish came from (originating facilities) and their destinations (Colorado Aquaculture Facility, Colorado Aquaculture permittee transferred to, and/or stocking location). Out of state permitted facilities must report the destination facility of imported fish or the stocking location.

Originating Facility Name/Location	Date(s) Imported/ stocked	Species (and strain when applicable)	Average size (list total number) Eggs/ Subcatchable Catchable Fry (<9 inch) (>9 inch)		mber) Catchable	Destination (Colorado aquaculture facility name & location; or stocked water description & location) STOCKING LOCATION: Attach marked map; GPS (UTM coordinates); or Colorado Atlas Page and coordinates; and/or Township, Range, Section, ¹ / ₄ Section and County
